COMPLAINT

This is regarding a Medical device, which is: Covidien Shiley inner cannula disposable bdc which was discontinued in the year 2021 my son Anthony Clark was New-monia back in January of 2020 doctor's perform surgery using Covidien Shiley tracheostomy for better breathing fasted instead this Medical product made it worse, a few month's later in April of 2020 my son passed away I hope to be compensated by Medtronic company who is in charge of handling Medical devices, I look up this product on the database & it say's product not found. also have original at home and photo's and document's in my phone called every lawyer in town however decided to file here, plus try to reach out to the United State's department of Justice, my phone call never got returned.

Roseann Clark a grieving mother over son's death he was age 32 year's old when he passed away: Roseann Clark 9/19/2023
